LOT 49 - Hemingray Glass Insulators Set of 3 - Aqua Blue

Description

Set of three Hemingray glass insulators in aqua blue color. All pieces are marked with 'Hemingray' These insulators are made from pressed glass and were commonly used in telegraph or power lines. They measure approximately 4 inches tall based on scale in the image. Items show minor wear consistent with age and usage but overall remain in good collectible condition. Popular among vintage collectors and antique enthusiasts. Location: B
