**LOT 179 - Woven Wicker Reindeer Sculpture with Integrated String Lights**

**Description**

A woven wicker reindeer sculpture measuring approximately 55 inches tall and 35 inches long. The piece features detailed wicker construction, including antlers, and is wrapped with green string lights which are untested. The structure and lights appear intact, though some wear consistent with age and use may be present. Suitable for indoor or outdoor decorative use. Location: 2nd Floor D Attic

**Quantity: 1**
