LOT 45 - 13 Mercury Dimes, Silver Composition

Description

A lot comprised of 13 Mercury dimes, each struck in silver. These coins feature the iconic Winged Liberty Head design on the obverse and fasces with olive branch on the reverse. Dates and mint marks are visible and vary across the set. Mercury dimes were minted in the United States between 1916 and 1945. Exact measurements: standard U.S. dime size (17.91 mm in diameter, 2.5 grams weight).

Quantity: 1
